NO. 31

The Clothing War.
EDITOR GAZETTE: In the Journal of October 24, I find an announcement signed L. Abrahams, of the White House. This announcement sets forth that other dealers in clothing keep "humbug shops" and offer "unsalable goods" to the public. He also believes that these humbug dealers "lie to deceive the public." I represent, for my part of the humbugging, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and not Mr. Abrahams. The people have been my goods long enough to know better than Mr. Abrahams whether they come from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in the market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitey" can sell them. I shall keep more goods, and a resher stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during far week as they have been proven any time during the past ten years.

NATHAN,
Virginia Street.

Don't Forget it.
If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in many diseases and death. White's Family Syrup proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, Chemists & Grocers.

A CARD TO THE PUBLIC.—I do not sell any goods 30 per cent. below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to post themselves on my prices before going to the humbug shops where they are always drumming into the ear that they are selling at cost, or below cost. They either bought unsalable goods at they lie to deceive the public; they don't deserve to be patronized. Remember the One Price Store—The White House—No. 19 Commercial Row, next door to the postoffice.

SPECIAL NOTICE.—Dr. H. Cohen, of New York, the most celebrated Optician, that ever visited the Pacific Coast, has arrived and will remain at Barnett's store, corner of Commercial Row and Virginia street, two days. EDITORIAL NOTES.

The question which the people of Washoe county have to decide by their votes to-morrow is a simple one. There are many candidates for the legislature in the field; their records are thoroughly known. The people have to decide upon who, of all that ask their suffrage, are most likely to be anti-railroad and anti-bullying tax compromise, when money is brought to bear upon them. Money will certainly be laid before them for their votes in the legislature this winter. Choose the men of brains and proved integrity. Is it necessary to scratch the Republican ticket to secure these men?

John H. Kinkadee ought to be the next governor of Nevada, and we believe he will be. Republican votes have twice elected Mr. Bradley. No good Republican will scratch the nominee of his party this time. There would be no reason in it. Mr. Kinkadee is a man against whom the Democrats have fruitlessly tried to bring anything even approaching a damaging charge. Let all that can be said in Mr. Bradley's favor be said (and the Gazette has always done broad-brimmed justice), and then Mr. Kinkadee will be found to be his superior in all the qualities which the chief magistrate of a state should possess.

Search the records of every candidate. Scratch any man, no matter what ticket he is on, who has not by his past performances proved himself an upright man. Have no mercy on those who have straddled the fence or gone back on their words. This is the test which Republican candidates seek.

The voters of Reno have seen and heard R. M. Daggett and W. E. F. Deal. Daggett is a man of force and brains with an unimpeachable Union and Republican record. Deal is a respectable nobody with a strong secession record.

The main question with the voter should be when making up his mind whether or not to cast a ballot for any candidate: "Is he honest?" The way to test that question is to look at the candidate's record. Judge every man by his record.

Every voter should consider the past acts of a candidate rather than his present promises. If a man has been treacherous in the past it isn't likely he will be faithful in the future. Promises are cheap and easily broken.

There is no reason why Republican votes should elect Mr. Bradley this time. John H. Kinkadee is worthy of any man's vote. The Democrats, with all their efforts, have been able to take up nothing against him.

The bonanza firm and the others heavy mine owners of the Comstock are not the sort of men who give up a fight. The bullion tax compromise is as live an issue as it ever was.

The bullion tax compromise is not a dead issue. It will be alive and kicking when the legislature meets. Remember this when you vote.

Scratch any man on the legislative ticket whom you think would sell out to the railroad or the bonanza.

Candidates who can be "mashed" by the beauties of the bonanza and railroad, are not wanted in Carson this winter.

Look out for bogus tickets to-morrow. No intelligent voter who is not grossly careless need be deceived by a sandwich ballot.

Senator Sharon Will Not Resign.

SAN FRANCISCO, November 2.—The Washington Star of October 31st publishes the following:

Sensor Sharon will not attend the session of the senate this winter, and will tender his resignation as soon as the senate passes into Democratic hands, March 4th. He would have resigned long since were it not that the Nevada governor would have put a Democrat in his place; and now that the senate will be Democratic after the next 4th of March anyhow, he thinks he can resign without hurting his party.

A Chronicle reporter called upon Mr. Sharon yesterday to ascertain the truth of the statement. The senator disclaims any intention of resigning, and proposes to retain his seat in the senate until relieved by expiration of term of service. He expects to be in Washington during the winter session.

HURROO!

Dinms Will Cause the Streets of Boston to Run with Blood.

NEW YORK, November 2d.—The World's Boston special says: Dennis Kearney delivered an unusually virulent and incendiary speech to several thousand men to-night. He said it was the intention of the capitalists, at the election Tuesday, to intimidate their employees into voting against Butler, and he advocated the hanging of employers or others who should attempt any "bull-dozing." He said the time of revolution had come; the Workingmen were ready, and if their ends were not accomplished on Tuesday next by the ballot, they would draw blood. He advocated attacking United States Supervisors and other officers of the law who stood around the ballot-box to debar men from voting, and at the conclusion of his address put the men under oath as a self-constituted police force, to carry out the measures he advocated, proposing in the event of Butler's defeat by the ballot to seat him by force and to kill and destroy the minions of capital. Much excitement prevailed, and his hearers dispersed with the understanding that they should meet for work on election day. Kearney announced a similar meeting at Independence Square, South Boston, to-morrow. After the close of the meeting Kearney said to the World correspondent that he meant business, and that if Butler was not elected, Beacon street and Back Bay would run with blood, as the resolutions which had been adopted proposed. He said that all the military power in the United States could not put down the Workingmen, and that Massachusetts would never besate until "blue bloods" were hanged to lamp-posts—two on every post. On being asked whether he did not fear the authorities, he said he hoped they would interfere; he was ready for them, and willing at any time to sacrifice his life in this cause. He said that perhaps there was need that some one man should die; but the crisis had come, and the men who created the wealth of the country ought to control it.

Shocking Death of Wm. H. Rulofson.

Wm. H. Rulofson, for many years a leading photographer of this city, was almost instantly killed, about 4 o'clock yesterday afternoon, by accidentally falling from the fire-wall on the roof of his photographic building, on Sacramento street near Montgomery. It appears that he was standing on the fire-wall, looking at some workmen who were lowering old lumber by means of a pulley, and while in that precarious position, his foot slipped and he instantly lost his balance, and was precipitated to the sidewalk, a distance of about 55 feet. The building is four stories high, without awnings. He was heard to exclaim, "I am killed," during the descent. He struck on a pile of tin, which arrested the force of his fall, and prevented a mutilation of the body. He was taken up and removed to Burnett's drug store, and thence to the office of Dr. McNulty, No. 136 Post street, his family physician, who pronounced him dead. The only external injury to the head was a bruise on the forehead. The ribs had been crushed by the fall. Deceased was a native of Maine, and 52 years of age. Mr. Rulofson was reputed to be the author of "The Dance of Death."

Religion in Public Schools.

NEW YORK, Nov. 2d.—The Independent publishes in full the Roman Catholic manual agreed on for the schools of New Haven and Hartford, and comments thus: "This is a manual of worship to be said every morning by Catholic children, and a very good manual it is. It contains pretty full the body of the divinity and excellent prayers for help to secure righteousness of character, and it has a peculiarly Catholic quality in the response of the children. Holy Mary, Mother of God, pray for us, sinners, now, and at the hour of our death. We find no fault with it in any respect, and we think the principle of religious training in public schools being granted, Fathers Fitzpatrick and Murphy have probably proposed a better manual than the Protestant one. But we disapprove utterly of either the Protestant or Catholic religions being brought into the state's buildings, in the state's time and at the state's expense."

Serious Charges Against San Francisco's Chief of Police.

SAN FRANCISCO, November 2.—In the twenty-third district court yesterday afternoon, Oscar Alderman filed a complaint against chief of police Kirkpatrick, alleging that he had corruptly refused to discharge his duty. He avers that Kirkpatrick, on the 15th of December last, though he knew that J. C. Duncan and B. F. LeWane were fugitives from justice, neglected and refused to either arrest them himself or cause them to be arrested, but permitted them to escape unmolested. Further, that he neglects to change the regular police officers in the Chinese quarter, as is made his duty by law, so that the whole of the police would in rotation be assigned to duty in that quarter. Complainant asks for a citation for the chief to show cause why he should not be deprived of his office and judgment entered in favor of complainant for \$500 and costs. Judge Thornton has issued a citation accordingly, returnable on Friday next.

Body-Snatching in Iowa.

CHICAGO, November 2.—The Tribune's Kookuk special says: It has been discovered that A. Mackey of this city has been receiving the bodies of recently buried people, graves having been robbed at Beacon, La., the bodies barreled and shipped. Two barrels were consigned to Mackey on Thursday, but the railroad agent becoming suspicious opened one of them and found the body of John Hynes, who had been recently buried near Beacon. Mackey has been arrested, but declares he is innocent.

The Government and the Central Pacific Railroad Company.

WASHINGTON, Nov. 2d.—Theophilus French, auditor of railroad accounts, has formally reported to the secretary of the interior that the Central Pacific railroad company has neglected to comply with any of the official requests for various reports concerning its business operations, its tariffs, present organization, financial condition, etc., with his demand that its books should be submitted to his inspection. He reports that these requests have been made and reiterated at various times since the 1st of last July, and that the officers of the company combine to reply, merely, that they have referred the question of the constitutionality of the law and the power of the auditor to make such demands to their legal counsel, and that these questions are still under advisement. The president of the company has recently sent to the secretary of the interior a report in compliance with the old law, but Auditor French states that this law has been replaced by the act of last session, from which he quotes several sections authorizing him to call upon the officers of all sub-sidized railroads for such reports as he may deem expedient or necessary for the interest of the government. He also quotes a section which provides that neglect or refusal of any railroad to make such reports as may be called for, shall, in each case of such neglect or refusal, work a forfeiture of a sum of not less than \$1000 nor more than \$5000 to be recovered by the attorney-general, in the name and for the benefit and use of the United States. This section also provides that it shall be the duty of the secretary of the interior, in all such cases of neglect or refusal to inform the attorney-general of the facts, to the end that such forfeitures may be judicially enforced. The auditor, therefore, transmits certified statements of seven distinct requests made by him to the president of the Central Pacific company as above indicated, together with certificates that none of them have as yet been complied with. He concludes by recommending that proceedings under the law be instituted in each case.

Disappointed Lady Lawyers.

The application of Mrs. Belva A. Lockwood, the female lawyer of Washington, for admission to the bar of the circuit court of Prince George's county, was decided adversely by Judge Magruder. In the course of his decision he said: "God has set a bound for woman. Man was created first and woman after and a part of him. Like the sun and the moon moving in their different orbits, the great seas have their bounds, and the eternal hills and rocks that are set above them cannot be removed." He spoke of Mrs. Lockwood and Mrs. Lavinia C. Dundore, also an attorney, who accompanied her, as two wandering women. He said he prayed God the time would never come when women would be admitted to the bar of Maryland. Upon the conclusion of his decision Mrs. Lockwood rose to make a remark that the court had misunderstood the principal point in her brief, when Judge Magruder ordered her to take her seat, saying he would not hear her. Mrs. Lockwood was also told to "sit down" as she was about to ask the court to put the decision in writing. The court was then adjourned.

A Remarkable Verdict.

CHICAGO, November 2.—The jury in the Kennedy case returned into court this afternoon at half-past 3 o'clock with the following verdict: "We, the jury, find the defendant, Jeremiah Kennedy, guilty in the manner and form as charged on the indictment, and fix his punishment at death by hanging. We, the jury, also find the defendant, Jeremiah Kennedy, to be insane at the present time." Upon the reading of the verdict considerable surprise was expressed, and scarcely any one comprehended its exact meaning. Kennedy apparently did not care what it was or meant. He did not change in expression, nor give any outward sign of feeling or emotion. The effect of the verdict will be the confinement of Kennedy in the insane asylum. The jury admit that he was sane at the time of the murder, and believe that he has since become insane. It will be out of the question to hang him although the sentence is death, for by law an insane person convicted of murder cannot be executed. In case of Kennedy's recovery and discharge from the asylum the sentence of death can be carried out.

Church Exclusiveness.

NEW YORK, November 2d.—The Churchman has this: "One of the most grievous things which lay at the door of so many of our churches is their exclusiveness touching the poorer classes. It seems as if our Lord's teaching in this respect had in some way become inverted. It is said that when the Amoor of Cabul, in visiting Peshawar, was shown through the fine English church, he expressed his utter astonishment on being told that officials were seated according to their rank, and replied, 'I am the chief ruler of my country, but when I worship in the mosque I take my place beside my poorest subjects, for in the House of God all men are equal.'"

A Conscience-Stricken Thief.

NEW YORK, November 2.—Robert A. Pedrick, who defrauded his employer, Benard & Hutton, importers of cloths and silks in this city of \$108,000, and by means of forgeries swindled the customers of duty amounting to \$120,000, has sent a confession through the mail to the associated press. He says his wrong-doing was brought about by speculations in stock, and that when he had retrieved his first losses and had considerable money in hand his broker failed, and he lost all. He states that he is filled with remorse on account of his wrong-doings, and asserts that he alone is to blame.

JOTTINGS.

—The Truckee is higher now than it has been for months past.

—The polling place to-morrow will be on Second street in the Odd Fellows building.

—The Reno Savings bank will be closed to-morrow, it being a legal holiday.

—The discussion of politics upon the streets grew so warm to-day that there came near being a fight or two.

—The streets have been crowded to-day by small-fry politicians, all gabbling on the chances of to-morrow's result.

Go to-night to the Republican meeting at the Opera House. Turn out everybody for the last grand rally of the campaign.

—County Commissioner Torp, of Storey, was showing his handsome and fatherly countenance around Reno yesterday.

—The eye of the old stiff grows sad, for to-morrow, with its grand wind-up drunk, closes the heavenly period of free drunk galore.

—The dust has been whirling through the streets to-day and clouds have been gathering. It looks as if election day might be stormy.

—The air is heavy with rumors of "trading" conspiracies. Those who are in them are happy while the outsiders are yelling for the earlier and purer days of the republic.

Democrats Take Notice.

Having noticed that Dr. T. N. Snow has issued circulars posted in conspicuous places, announcing himself as the regular Democratic nominee for superintendent of public instruction in Washoe county, we, the central committee for the party, must say in justice to the real nominee of the party, that owing to an unfortunate, and as we believe a false report, against Dr. Snow, one of our committee waited on the doctor and frankly told him that owing to that report, we thought he had better, in the interest of the party, decline the nomination, at the same time inviting him to be present at a meeting of the central committee to be held on a certain evening. He was present at the meeting, and after explaining his innocence of the charges reported against him, declined the nomination, which was accepted, and Mr. Soderberg was nominated and elected to fill the vacancy occasioned by the resignation of Dr. T. N. Snow. And we hereby announce that Mr. Soderberg is the regular Democratic nominee for Supt. of Public Instruction for Washoe county.

By order of the Democratic Central Committee of Washoe county.

L. S. FLINT, Chairman.

J. M. FLANAGAN, Secy. 2t

To-Night's Rally.

The last political meeting of the campaign will be held at the Opera House to-night. Hon. C. S. Varian, and other leading Republicans will address the people. Mr. Varian will devote some attention to those who have been so rabidly maligning him for the past few weeks. It is but justice that the people of Reno, who have had ample opportunities to read the lies, should give Mr. Varian a hearing. He is a good speaker and will lift some scapula. Let the last meeting of the campaign be a rousing Republican rally.

Coming to Nevada.

Two or more surgeons from the National Surgical Institute will be at the Arlington house, Carson city, Nevada, Monday and Tuesday, Nov. 12, 1878, where they can be consulted by the afflicted. This institute has won an unequalled reputation throughout the United States for the treatment of deformities, such as crooked limbs, club feet, diseases of the hip and ankle, spinal curvature, paralysis, piles and tistus. This is a rare opportunity to be cured. Consultation free.

The Opera House.

Be at the Opera House to-night. It will be the last Republican rally before the battle. Hon. C. S. Varian and other eminent speakers will address the people.

REPUBLICANS AT WADSWORTH.

Speeches of Hon. Wm. Boardman J. F. Foulks and Others.

A car load of Republicans left Reno on Saturday evening by special train for Wadsworth. There was a large representation of candidates, and several ladies were also members of the party. The train arrived at the railroad village at seven p. m. and the firing of salutes and the blazing of bonfires showed that Republicans were up and doing. The Reno band accompanied the excursion, and soon collected the voters of Wadsworth in front of Gladding's hall. Cheers were here given for Kinkead, Daggett Varian and others, after which the crowd adjourned to Gladding's hall and was called to order by T. G. Herman who acted as chairman of the evening.

C. C. Powning was to have been the first speaker of the evening, but having addressed the citizens of Wadsworth on the Monday preceding, he concluded to give way to other speakers who were present.

T. G. Herman introduced

HON. JOHN BOWMAN,

district attorney in prospective, and that gentleman proceeded to make some remarks on his candidacy. Mr. Bowman said he had always been a good Republican; was a lawyer of fourteen years experience, and thought he was able to perform the duties of the office. Had been fortunate or unfortunate enough to be elected a legislator once, and had filled that office with complete satisfaction to his constituents. If elected Mr. Bowman promised to guard the treasury and prosecute friends or foes with equal severity.

HON. WM. BOARDMAN

was then loudly called for and took the floor. Mr. Boardman recollected when the citizens of Wadsworth had sustained the Republican cause nobly, and was before the people as an advocate of another ticket. He hoped that the cause would again be supported by the solid vote of Wadsworth. The signs of the times point to a sweeping Republican victory on November 5th. The Democrats claim that Republicans are responsible for the

CHINESE QUESTION.

He referred to the record. The first treaty was made in 1845 under a Democratic President and a Democratic congress. In 1846 it was claimed to be law and was hailed as a great blessing to the commercial world. In 1853 another treaty was made under Buchanan and proclaimed under Johnson, after being ratified by a Democratic senate. This also was hailed as a step towards more prosperous relations with the Orient. In 1868 the Burlingame treaty was made under Republican rule and this again was hailed as a great commercial blessing. Democrats were foremost in praising it and claiming the honor of its suggestion. These acts were also the creed of Democrats in 1852, and at that time there were 50,000 Chinese on this coast. It is clear, from looking at the record, that Democrats are more to blame than any other party. Now all parties are united on the Chinese question, and the speaker defied contradiction when he claimed that the Republican members from this state and California had made the only congressional effort which tended to a removal of the Chinese. In 1860 we said that no slave labor should compete with white labor, and the Republican party stands just where it did sixteen years ago. On the

RAILROAD QUESTION,

the speaker had heard much Democratic talk and seen a few Democratic acts. Woodburn, of Nevada, and McCrary, of Iowa, had introduced the best bills on this subject, and the Democratic majority had killed them. McCrary's bill received only five Democratic votes because they believed in the idea of state sovereignty. The Republicans claim that this nation has power in the central government to regulate these matters, and if we return R. M. Daggett to congress he will go there filled with the desire to make those necessary corrections on the railroad question. Deal would go sneering at the "nation as they call it," and voting for his pet idea of state rights. An issue in state politics is the

BULLION TAX

question. The Democrats claim all the credit for defeating the infamous compromise bill. Bradley had without doubt promised to sign that bill. The legislature which passed it was Democratic and organized by Bradley. The bill came from a Democratic committee on ways and means. Democratic brains conceived it. Democratic Jim Fair money had passed it and a Democratic execution had agreed to sign it. Cassidy, as the leader of the Democracy in that legislature had made for himself a record which excited everybody's contempt. His famous "vote catching" argument showed the spirit of the Democracy. The speaker had himself filibustered two days and intended to delay matters four days more, solely because Democrats believed Bradley would sign the bill. Now they claimed credit for it, and there was certainly no grounds for such claims. The speaker then reviewed the record of

HON. C. S. VARIAN,

candidate for district judge, who was then in Carson speaking with Senator Jones. Washoe ought to have the district judgeship, because her business was double that of Ormsby and Douglas. Varian had not sought the office, but was solicited by his friends. The speaker knew no reason why Mr.

Varian should not aspire. He had been in office before and was always awarded by the gratitude and approval of his people. His record as a man, a lawyer, or public servant would bear the closest scrutiny. Notwithstanding these facts which any man could prove, Mr. Varian had been hounded by a set of irresponsible slanderers. They had stopped at nothing which could hurt his good name or character for integrity and ability. Deacon Parkinson, an irresponsible yellow dog who enjoys everybody's contempt, leads the pack of hounds. These stabs in the dark had at last culminated in the publication of a shameful libel by an irresponsible paper, and Mr. Varian had resented it because he was too honest to allow a man to allow any one to steal from him the good name which belonged to his children after him. Mr. Boardman did not pride himself on his physical courage but he declared that a similar attack on himself would prove a lesson to slanderers. No man should stab his character in the dark and make his wife and children hang their heads for shame. He would kill such a coward like a dog. The man who would not defend his wife and children from shame was only worthy of contempt, and the speaker would avoid him as a thing devoid of principle or honor. Mr. Boardman was, however, content to rest Mr. Varian's case. The people loved fair play, and with fair play, Mr. Varian would poll a handsome vote on Tuesday next.

His record and ability were unimpeachable, and his canvass had been made in an open and honorable way, with justice toward no man, and the highest consideration for his country and the Republican cause. The Republican party was the faction from which relief must come. Present a solid front to the enemy, go forward and sustain the party which defended you sixteen years ago against slave labor. And when you have secured the victory on Tuesday next, you may hope for a correction of existing evils. Mr. Boardman then spoke of the rest of the ticket and said it was worthy of support. The hour was growing late, however, and he would give way to the other speakers who were to follow him.

Three rousing cheers were then given for Hon. C. S. Varian, and three more for the whole ticket.

HON. J. F. FOULKS,

of Verdi, then responded to calls and spoke as follows: Ladies and gentlemen—You see me to-night in a poor condition to receive company. I have very few brilliant ideas to offer you, but as I am a high private from the common herd of citizenship, I find it necessary to go about and explain myself. They say I am a creature of the railroad. This is a lie. I am my own master entirely, and I shall not have to go to the morgue on Wednesday next. If elected I shall support John P. Jones first, last and all the time. I believe he will prove to Nevada what Clay was to Kentucky. He will regulate our railroad grievances and make the continental roads private. The

THE BULLION TAX QUESTION,

which I consider a dead issue, also engages attention. Beck is using this against Powning and me. I did not draw that plank in our platform, as Beck says. Our legislators asked to be relieved, and, without knowing the facts as I know them now, I signed the petition to cancel their pledge. The petition availed nothing, for the compromise was a dead duck in the pool. All property should be

TAXED EQUAL.

I will stick to that plank. The Chinese are an odium on the country. Everybody is trying to gobble up this Chinese question, but it still remains. I believe we could make constitutional police regulations which would make this country odious to the Chinese. White labor can't compete with these bowls of rice per day. I believe that

FEES SHOULD BE REDUCED.

They should be brought down to salaries. There are plenty of men with brains who will run the sheriff's office for \$100 per month.

In regard to the state prison, we have one half of it and will have the other half if I go to Carson. If we can't get that we will have an industrial school or an insane asylum, and I think it a dirty shame we have not had it before.

I am not one of these

HALF WAY HOUSE

fellows like old Beck. If I can't be a Republican I will go clear over and stay all night with the Democrats. Beck is abusing me and all because I likened him to a skunk. He and Hogan are doubling teams on me. "Why Jack we've got you by 300." They remind me of my old yellow dog who used to bounce strange dogs and after the strange dog had mopped the ground with him, this yellow cur would come back to the store, curl his tail over his back and try to make me believe he had licked the other dog. Whenever fed gets short with Beck he puts his horns under the fence, breaks it and takes out with him a lot of calves like Doc Hogan. When Beck was taken up by the people a bit of charcoal was sent to the lapidary. Beck was charcoal still. Beck is a slave to himself and there is nothing in him. When we bury him on next Wednesday in the political morgue the worms will be indignant at the meal offered them, for he is hide bound to the bone. If you elect these fellows you can't expect 'em to do anything for you.

WASHOE

has never gotten anything and there is now neither sincerity or usefulness in Beck. I depend upon you to show up the ticket in its best light. Show all the enthusiasm you can. In

so doing you will meet my approbation, I will now retire.

Mr. Foulks was well received, and the audience was dismissed by chairman Herman after music by the Wadsworth and Reno bands.

The hall was then cleared and everybody was invited to dance. The Gazette reporter saw more fine-looking young ladies than were ever assembled before in Washoe county, and they were all hard at work for the Republican ticket. The dance was continued until an early hour, and at 5 A. M. the excursion took train for Reno, feeling that Wadsworth was a stronghold for the Republican cause.

WADSWORTH'S PHILOSOPHER.

A Strange and Silent Being—His Great Learning and Simple Piety.

It was at Jake Lewis' saloon, Wadsworth, on last Saturday night after the Republican meeting. The barroom was full of candidates and thirsty voters and the invitations to drink rained upon the Wadsworthies like manna from heaven.

"There he comes," whispered a native to the Gazette reporter, indicating a tall man in hickory jumper and buttoned overalls. He had a very long red beard and a small nose and a merestrip of forehead and little eyes and a small head. He cast a furtive glance or two to the right and left as he stalked to the corner behind the stove and stood boot upright with his eyes fixed on the stovepipe.

"He don't look much," whispered the native, "but he's the smartest man in Wadsworth."

"What is he?" asked the curious reporter.

"He's a teamster by profession, but he had ought to be a faculty of some college. He don't talk much an' he's oneasy among strangers but he's hell fur readin' an' ther's two trunks full o' his writen' in his cabin. He puts in his nights that way an' the boys do say his writen' is just pure philosophy. You wouldn't think he knowed beans to look at him, would you?"

The reporter was about to reply that he certainly should not, when in response to a general invitation to drink, the learned teamster with two strips was at the bar. He did not join in any such foolishness as clinking glasses or nodding to his neighbors, but filled his tumbler up, glued his eyes on the ceiling, drank his whiskey and with two steps more was behind the stove again. He repeated this performance a great many times, but the stovepipe took none of its interest for him. The laughter, the cheering for candidates, the boisterous singing moved him to no animation or participation. He only left his place and took his hands out of his trousers pockets to make the two eager strides to the bar.

"Look at him now," whispered the native about 2 o'clock in the morning. "Well, what about him?" demanded the reporter, feeling the nudge in the ribs, and looking up testily from a game of cards.

"He's thinkin'," returned the native casting unsteady glances of admiration at the upright philosopher. "He's hell on thinkin'." I never see his ekal at thinkin'. There he goes fur an' other drink. Lord, how he kin drink when he gets his mind down to it. He jist acts so every election an' swears off right after an' grinds out philosophy by the trunkful."

"Does he never speak?" asked the reporter.

"Not when he can't help it. Them as knows him like me, though, knows what he's drivin' at jist by lookin' at him. There he goes fur another drink. Lord, what a head that man has fur philosophy and liquor. Now he's behind the stove again with his flippers in his britches. I've seen him put in six nights hand runnin' behind that same stove jist this way doorn' election times. It's his style."

"What's the matter with him now?" inquired the reporter as he observed two large tears ooze out of the philosopher's downcast eyes and roll down his beard. The journalist got up impulsively to go over and speak to him, but the native caught him by the arm: "Don't ye go for to speak to him mister, you'd break the spell."

"What's the matter with him?"

"Don't ye see that his heart is over-flowin' with gratitude?"

"Gratitude? What's he got to be so grateful about?" The native stood off a little, looked critically at the reporter and then burst into tears himself. Calming himself with a great effort the native said: "Mebbe it don't touch you Reno fellers, but thirty-two free drinks in one night don't hit us Wadsworth citizens more'n once or twice a year an' when they do we feel kind o' religious an' happy an' grateful—that's all."

He went over to the philosopher and stood straight by his side, and their tears mingled on the sawdust at their feet.

A Dreary Meeting.

The Workingmen had a meeting at the Opera House on Saturday night which at first was largely attended. T. E. Hawkins made a few remarks on the beauty of things in general. He was followed by Ira Clark who treated the thinning audience to a dissertation on history, dwelt at great length on the enormity of the crime of vote selling; predicted a general rumple within a year unless the poor got their rights and was sure that the Workingmen would elect the next President. He spoke for about an hour and was followed by Workingman White, the iron jawed orator of the sagebrush, and a few others, who kept shouting badly digested history and statistics till the hall was empty.

County Commissioners.

The county commissioners have been in session to-day. Only routine business had been transacted up to the hour of the Gazette going to press, with the exception of the consideration of the case of one Peter Bilkey, a destitute man with a broken arm who wished to be sent to Sacramento where he has friends. In his sworn statement he says that Commissioner R. Woods of Humboldt county got him a railroad ticket from Winnemucca to Reno, and told him to apply to the Washoe county commissioners, who would get him a ticket for Sacramento. Bilkey was sent to the hospital pending the result of the war which Washoe will now declare against Humboldt.

District Attorney.

[Communicated.] The voters of Washoe will remember that Mr. Webster, the Democratic nominee, long refused to accept the nomination from his party on the ground that his business was so large that he would be compelled to sacrifice it if elected. He has since told a lawyer of this town, that if elected he would turn the office over to a young man whom he expected out from Iowa—and last night the young man arrived. The question is, shall the office be given to a man imported here twenty-four hours before election?

A New Narrow Gauge.

It is now reported that Hobart & Marlette will shortly begin grading for a narrow gauge road from Lakeview to Virginia. The route, eighteen miles in length, has been surveyed, and will run on the side of the mountain, mostly in Washoe county. L. Stangroom, is the engineer. The road will be used almost exclusively for the transportation of wood.

Barlow's Condition.

Constable Barlow's condition is quite favorable. A small wound has been discovered under the chin and it is believed possible that the bullet made its exit there. On the other hand it is impossible that the opening was made by a splinter of bone. He has very little fever—a very favorable sign.

A CAKE.

I am before the people as a candidate for the office, and expect to remain before them as a candidate for the position till the polls close on the 5th of November.

POLITICAL.

REPUBLICAN PLATFORM.

ELECTION, TUESDAY, NOVEMBER 6, 1878.

Resolved, That we re-affirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slave and maintained the essential doctrine; that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democratic or Republican, black or white—shall be permitted, undisturbed by force and unimpeded by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of dollars to the Southern States, already presented to Congress, or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler hold their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we hail with joy the re-emancipation of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestricted coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the re-emancipation of silver and the dual standard in the coinage of the country.

Resolved, That there should be reinforcement in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual use, and not for the settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; do demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference with the political administration of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of

POLITICAL.

said States; that the principal and practice are fraught with danger to our Republican reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any moneys raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our admirable system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends; these are our duties, and these the intentions we do most strenuously maintain and avow.

R. B. HARRIS, Chairman,
A. F. DUNN, Secretary
Of the Republican State Central Committee.

REPUBLICAN

COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for the benefit of the State, and the surplus of funds already in the treasury.

Resolved, That in our best judgment, the actual acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or legislative changes as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledge given to a nominating convention by a successful candidate for office are binding

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while well paid and prosperous labor gives comfort to all. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the restoration of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses, that labor may be lightly burdened; subordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of R. B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before the fraudulent demonstration by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes; but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

POLITICAL.

Supreme Court of the United States.

State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will oppress honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporate ones, it is demanded that their property shall contribute to the support of government, the same as other property. Unflinching opposition to any further exemption of the net proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of money in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and on the faith of which he was elected; and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens; views with alarm the efforts of the great foreign corporations to control the political contests in Nevada, and urges the people of this State by their votes and the polls in the approaching election, to signally rebuke the approaching election, to signally rebuke the attempts upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions and "Mechanic's Unions," and other associations, for the purpose of protection against Chinese pauper labor. Under a wise and frugal government, which is the mission of the Democracy to maintain and perpetuate, any resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and at war with free institutions. By legislators fostered and favoring the great moneyed corporations, such as national banks, railroad, steamship, telegraph and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the telling millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

9th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

10th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.

THE THIRD GUBERNATORIAL TERM.

The Democracy declare that honesty, capacity, devotion to the truest principles of Government and the faithful observance of pledges, constitute of themselves the highest title to its rewarded confidence, and further there is no resemblance between the case of the Governor of a State, with little patronage, and with powers limited by the strict provisions of the constitution, and that of a President of the United States, by virtue of his office, Commander-in-Chief of the army and navy and the head of one hundred thousand office-holders, striving to perpetuate a personal and arbitrary rule by the unscrupulous use of all means his command. The career of the late President of the United States furnishes the most complete proof of the danger of a third Presidential term which we warn against and seek to avoid in the future; that of the present Governor of Nevada presents the strongest evidence of the wisdom of our action in discarding, in its application to State affairs, a doctrine long repudiated by the Republican party, and now slyly by it for the present occasion.

Finally, the Democratic party of Nevada, by its convention assembled, takes occasion to especially commend Governor L. R. Bradley for preventing, by his veto, an unjust modification of the revenue laws now in force taxing the proceeds of the mines, showing himself by his fearless vindication of the people's rights worthy of the full confidence of the good and true men of all parties of this State.
